

Fat Reduction – i-LipoXcell Price List

i-LipoXcell is the most advanced non-surgical fat reduction and body shaping system. The procedure is carried out by internationally trained medical doctors. Results are seen immediately after each treatment. This advanced laser body shaping system is FDA approved, painless, totally non-invasive (no surgery) and has no downtime.

This technology has taken the cosmetic industry by storm and is well acclaimed in areas like Beverly Hills where Hollywood artists use i-Lipo treatments to maintain their desired body image. At CHIC we are proud to offer the same treatment in Malta at very reasonable prices.
