

## Anti-Cellulite and Skin Tightening – Price List

Anti-Cellulite and Skin Tightening treatment with i-LipoXcell delivered by Medical Doctors has no downtime, is comfortable and is a deep therapeutic treatment that delivers consistent results.

Laser vacuum massage loosens adhered skin structure/lumps, encourages lymphatic drainage and tones collagen and elastin.

Radiofrequency treatment produces heat under the skin that induces collagen production and restructuring.

Each session (1 area) is around 30 minutes long.

Consultation	€20 (refundable from treatment price)
